SUMMARY

Hi, I'm Muhammad Rizky, a Frontend Developer with a strong passion for creating clean, responsive, and interactive web applications using JavaScript, HTML, and CSS. I have hands-on experience exploring and working with modern frontend frameworks, and I enjoy collaborating with teams to turn creative ideas into impactful, user-focused solutions. I'm currently seeking opportunities as a Frontend Developer where I can grow professionally, contribute meaningfully, and deliver real value to users.

EXPERIENCE

BINAR ACADEMY   *(June 2023 - December 2023)*
Fullstack Web Developer

- *Performed UI slicing from Figma and developed fully responsive frontend components.*
- *Integrated backend APIs to fetch and display dynamic data on the frontend.*
- *Performed unit testing to ensure the reliability and correctness of individual components/functions.*

CODING COLLECTIVE - YOGYAKARTA   *(May 2025 - August 2025)*
Frontend Developer Intern

- *Performed UI slicing from Figma and developed fully responsive frontend components.*
- *Set up and managed SMTP integration for contact form.*
- *Configured Google reCAPTCHA to protect frontend forms from bots and automated abuse.*
- *Optimized PageSpeed performance by improving asset, and implementing lazy loading.*
