SUMMARY

A passionate and detail-oriented Frontend Developer with strong expertise in JavaScript, Next.js, and Tailwind CSS. Dedicated to building clean, responsive, and accessible user interfaces while delivering seamless digital experiences. Experienced in collaborative environments and web optimization for performance and accessibility.

EXPERIENCE

Junior Web Developer & Engineer Support Sep 2026 - Present

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, and web frameworks.
- Integrated front-end interfaces with APIs, databases, and back-end services.
- Performed testing, debugging, troubleshooting, and cross-browser/mobile compatibility optimization.
- Monitored and optimized website performance, page loading speed, maintenance, and security.

Frontend MagangHub - Trans Retail Indonesia Oct 2025 - April 2026

- Developed and maintained internal web applications to support business operations using Next.js and JavaScript.
- Built frontend interfaces based on business requirements and integrated them with backend APIs.
- Contributed to the development and maintenance of POS and payment-related systems, including cashier and QRIS payment processes.
- Collaborated with the team to improve application functionality, resolve issues, and ensure reliable system performance.

Frontend Developer Intern - Coding Collective Indonesia May 2025 - Aug 2025

- Developed responsive web interfaces by converting Figma designs into functional frontend applications.
- Worked with React, Next.js, Laravel, and WordPress to develop and maintain web applications.
- Implemented responsive and user-friendly interfaces across different devices and screen sizes.
- Contributed to website performance optimization, including page speed improvements and SMTP configuration.

Teaching Assistant (Linux Practicum) - Amikom Yogyakarta University Feb 2023 - July 2023

- Assisted lecturers in conducting Linux practical sessions and supporting students during laboratory activities.
- Guided students in using Linux command-line tools and performing basic system operations.
- Helped students understand Linux filesystem structure, file management, and basic system administration.
- Assisted students in troubleshooting technical issues during practical sessions.

Teaching & Educational Service - Darul Ma'arif Boarding School 2020-2021

- Taught Arabic language to junior high school (SMP) students through structured classroom instruction and learning activities.
- Served as a dormitory mentor, supervising students' daily activities, discipline, character development, and overall well-being.
- Guided and supported students in developing independence, responsibility, and good daily habits within the boarding school environment.
- Served as a Scout Instructor, delivering scouting activities and practical training every Thursday to develop students' teamwork, discipline, and leadership skills.

EDUCATION

- Bachelor of Informatics Amikom Yogyakarta University - Computer Science 2021 - 2025
- Fullstack Web Developer Binar Academy X Kampus Merdeka - Study Independent 2023
- Junior and Senior High School Darussalam Gontor Islamic Boarding School 2014 - 2020

CERTIFICATES

- MagangHUB Kemenaker Batch 1
- Insightful Future Internship at Coding Collective
- AWS Back-End Academy at AWS x Dicoding
- Fullstack Web Developer at Kampus Merdeka x Binar Academy
- Junior Web Developer Digitalent Scholarship Kominfo
- Assistant Parcticum Laboratorium - Amikom Yogyakarta University
- ITN Certification - Cisco CCNA at Amikom University

SKILLS

- HTML,
- CSS (Flexbox, Grid, Responsive Design)
- JavaScript, DOM Manipulation
- Next.js,
- React.js,
- Tailwind CSS,
- WordPress
- Chrome DevTools
- REST API Integration,
- Basic Testing & Debugging Deployment
